## Company History

### Company History

---

As a result of a merger between Hans-Otto Schümann GmbH & Co. KG and Sasol Wax Ltd., SCHÜMANN SASOL International AG became the world's leading wax player in 1995.

Hans-Otto Schümann was able to contribute more than 70 years experience in the production of paraffin-based waxes.

For more than 50 years, Sasol Chemical Industries has exhibited expertise in synthetic hard waxes, produced by the Fischer-Tropsch process from coal.

After the complete take over of SCHÜMANN SASOL International AG in 2003 by the Sasol Holding in Germany GmbH, the company was renamed to Sasol Wax International AG. Sasol Wax offers a unique range of paraffin waxes, Fischer-Tropsch hard waxes and wax related products
