## Environmental Protection

### **Environmental Protection**

---

As an international market leader, we are committed to safeguarding our environment.

Environmental protection is one of our major concerns.

Thanks to our continuous investments in the most modern technology, Sasol Wax is able to guarantee environmentally compatible production methods and standards. Our state-of-the-art production facilities for air filtration, waste water treatment and waste avoidance are exemplary.

Emissions are far below the legal requirements.

Our work is regularly monitored by independent institutes. All relevant data is documented and made available to the environmental authorities upon request.
