reaching new frontiers

Sasol Wax

Raw Material Purchasing

Raw Material Purchasing

Sasol Wax purchases its raw materials for paraffin wax production from more than 30 lube oil refineries around the world. With many we enjoy long established and stable relationships, built on trust and co-operation. The combination of variety and stable relationships enables us to meet two key requirements of our customers:

Variety in supply means variety in the product types we are able to produce to meet your every performance need.
Stability means reliability in supply.
